

Zero Zero

Gerard Way

I got an offhand way
Of getting in formation
I got to walk away
Jet-lag is suffocation

Call me zero, zero, zero
Call me zero you are zero
Call me zero, zero, zero
Call me zero you are zero-oh-oh-oh-oh-oh

Another cloudy day
Another observation
They keep my DNA
Down by the record station

Call me zero, zero, zero
Call me zero you are zero
Call me zero, zero, zero
Call me zero you are zero-oh-oh-oh-oh-oh

You'll be coming around, and you'll be off your station
Oh, oh, oh, and you'll be hanging around until you go in make-
up
Man, give me social-disease and give me teenage razors
Man, give me social-disease and give me high-end phasers

I got an offhand way
Give me some information
She gotta walk away
Jet-lag is suffocation

Call me zero, zero, zero
Call me zero you are zero
Call me zero, zero, zero
Call me zero, you are zero
Call me zero, zero, zero
Call me zero, I am zero
Call me zero, zero, zero
Call me zero, I am, zero
