

Don't Call Me Baby

Geri Halliwell

Do you think about me, like I think about you, as these nights
grow colder,
do you think about us or the love that was lost looking back as
we grow
older.

Would you cry if I die, either way nothing changes, and just re-
member.

Don't call me baby, baby just because you can,
don't call me lady boy, you aint that kind of man, don't call m
e sugar
honey, you've never done before, its just to little to late, th
is baby's out
the door.

Do you wish that you cared,
maybe you were too scared to show me what your feeling,
did you run out of time with me on your mind,
didn't we have no meaning.

Would you bleed, if I leave, either way nothing changes, and ju
st remember.

[M8]

Cum on, cum on, cum on, cum on, cum on, don't you cry no more.
Cum on, cum on, cum on, cum on, baby, get up off the floor.
