

Goodnight Kiss

Geri Halliwell

I aint sleeping too much in my head
I've been thinking somethin's left unsaid.
And in the morning feeling just the same
Boy it's killing me
I aint crying don't wanna be alone
Just need lifting from my melancholic tone.

Make no mistake,
a little too late is just too long.
Don't ask me why, this is good-bye
if you do me wrong.

[Chorus]

So baby tonight, I might, let you in.
No need to fight- I'm yours, so lets begin
But baby I know, when you go you'll touch I'll miss.
But starting tonight if you don't do me right
Then it's just gonna end as a goodnight kiss.

Boy, your dreamin- you don't know what to do
Don't be shy- STOP, I'm coming through
And in the meantime if you have a little doubt

Make no mistake, it's never too late
what's done can be undone
Don't be afraid to do what I say
the best is yet to come.

[Chorus]

I'd rather be lonely, then to be with a phoney
if I'm not the girl in your head.
I'd rather be wrong if it doesn't feel right
cos boy your killing me tonight.

[Chorus]
