

Lovey Dovey Stuff

Geri Halliwell

I know how you take your morning tea
You know how I take my time
Then you try to steal my recipe
For making blue love flow like wine

I tick and you tock
I go when you stop
In ever decreasing circles
Ready or not, baby my groove will getcha

When I talk about love
You just play games
And you tie yourself up
With lust in shackles and chains
When I talk about us I feel no shame
And Im never giving up, until we talk about love

Lovey dovey dovey stuff, I do smooth and you do rough
I used to think taht you were tough
But your scared (say that youre not)

Your so good at making fun of me
I can always make your day
I read my books about philosophy
Then we fight before we play

[BRIDGE 2]

[MID 8]

When little bad boys come out to play
They kiss all the girls and run away from love
When good little girls are feeling hot
He comes and he goes but he doesn't stop for.....
