

Scream If You Wanna Go Faster

Geri Halliwell

1. Lonely hearts are welcome here, take my hand let's disappear,
serenity is almost here, Oh Lord, ah-ah-ah-ah.
Don't let life pass you by, jump on in, get ready to fly.

R: Gimme some, gimme some gasoline, tell me what you want, know what I mean,
and scream if you wanna go faster, baby, scream if you wanna go faster.
(if you wanna go faster)

2. Leave behind the walk of shame, take my hand, you're not to blame,
surrender to what you can't change, oh God, ah-ah-ah.
Don't let love pass you by, let it in, don't ask why.

R: Gimme some, gimme some gasoline, tell me what you want, know what I mean,
and scream if you wanna go faster, baby, scream if you wanna go faster.
Gimme some, gimme some sweet FA,
have a nice day, as American's say,
and scream if you wanna go faster, baby, scream if you wanna go faster.
Scream if you wanna go faster, scream if you wanna go faster,
scream if you wanna go faster.

R: Gimme some, gimme some gasoline, tell me what you want, know what I mean,
and scream if you wanna go faster, baby, scream if you wanna go faster.
Gimme some, gimme some sweet FA,
have a nice day, as American's say,
and scream if you wanna go faster, baby, scream if you wanna go faster.
Scream if you wanna go faster, baby, scream if you wanna go faster.

(Scream if you wanna go faster, scream if you wanna go faster...)
