

# Shake Your Bootie Cutie

Geri Halliwell

Hello Daddy Baby  
Hello Sexy Mama

[Verse 1]

Come on, bring your BAD self down here  
I wanna see you do your thing  
Come on, come on  
Shake, shake, shake, shake, shake, shake, shake, shake  
Party time

[Verse 2]

You walk the walk, you talk the talk  
We met by chance  
Conversation's fine  
But I haven't got the time  
Coffee and small talk is the last thing on my mind

[Bridge]

We're doin' it baby  
We're out here on the floor tonight, yeah  
No worries baby  
Forget about the problems in your life

[Chorus 1:]

Shake your bootie cutie  
And show me you can dance  
Come on, sexy belly baby  
I wanna watch you swing your pants, yeah

[Verse 3]

I'm a girl who likes to be kissed  
I'm a sentimental freak  
Who loves to get frisked  
I'm not in the mood to analyze  
But it's the way that you shake it  
Not the shape or size

[Bridge]

We're doin' it baby  
We're out here on the floor tonight, yeah  
No worries baby  
Forget about the problems in your life

[Chorus 2]

Shake your bootie cutie  
And show me you can dance  
Come on, sexy belly baby  
I wanna watch you swing your pants, yeah

Shake your bootie cutie  
You are the dancing king  
I'm Mr. Big, baby can you dig  
You really make my thing sing  
Shake that healthy butt

[Chorus 3]

Shake your bootie cutie  
And show me you can dance  
Come on, sexy belly baby  
I wanna watch you swing your pants, yeah

Shake your bootie cutie  
You are the dancing king  
I'm Mr. Big, baby can you dig  
Everytime you do it  
You really make my thing sing

[Repeat chorus 3]
