

Summertime

Geri Halliwell

Sometimes i tip toe by i look for tele-love
i understand theres no such plan
that fits just like a glove

feeling little high (feeling in the high)
feeling little shy (feeling little shy)
your the reason why,i know

it's summertime with sleepy eyes
i'm sorry,i'm sorry
gotta dream in mind just in time
dont worry,dont worry no no no

so dry that tear in the sun
burn your skin with just a gun

summer dream yes my dear
chillin' shadows disappear

feeling little high (feeling in the high)
feeling little shy (feeling little shy)
your the reason why,i know

summertime with sleepy eyes
i'm sorry , i'm sorry
gotta dream in mind just in time
dont worry,dont worry no no no

dug on into this foolish ocean
it's all full of love
swim swim with me dont wanna drown
hold me baby were goin' down

it's summertime with sleepy eyes
i'm sorry , i'm sorry
gotta dream in mind just in time
dont worry , dont worry

summertime with sleepy eyes
i'm sorry , i'm sorry
gotta dream in mind just in time
dont worry , dont worry
summertime
