Apathy:

Take you home to your mommy, watch how hard ya family trips

When they see I got you dressing like Vanity Six

A pair of pumps, not Vans four finger rings covering your hands

Makeup's like you headbutted a box of crayons

It's true love baby baby give me one more chance

No parachute you rocking Parasuco pants

At first glance, Buffalo stance

And I'm just burning doing the neutron dance

Mami watch how hard ya family trips

When they see I got you dressing like Vanity 6

A pair of pumps, not Vans four finger rings covering your hands

Makeup's like you headbutted a box of crayons

True love baby baby give me one more chance

Well parachute you rocking Parasuco pants

First glance, Buffalo stance

And I'm just burning doing the neutron dance

Chorus:

I like the way you comb your hair

I like the way you comb your hair

Uh

I like the stylish clothes you wear

Scoop Deville:

Check check, 1, 2, 3

Check out the hotel bitch

There's too many fish in my deep blue sea

So I'm reeling em in I'm as real as can be

Got a lot of hoes on my new shit

Talking about where'd you get the kicks the exclusives?

Shoes stay clean but I dirty like a Q-tip

Put it on layaway better yet a swoosh list

RYU:

She likes the way that I move when I moving  
Through the room lose your illusion, 808 booming  
I'm fly from my Pork pie hat to my shoeses  
And I don't gotta try, I don't even do shit  
I don't gotta prove it, I just ooze it  
Pull a bitch even if she dislikes my music  
Understand what you see in me is every girls fantasy  
Jimmy Z's

Look at me, look at me I'm everything you want to be  
And I don't mean to brag cuz I know it makes you mad but  
If you wanna clash brah, I rock the casbah
