

Find The Time

Get Cape. Wear Cape. Fly

We make lists, we make plans
To write books, to form bands
Or to move to Kreuzburg
And escape into the night

So pack your bags and let's take control
You and me, let's go
The next time that you're lonely
Or the next time that you're free

So why? So why? So why?
If we can make the plans
Can we just not find the time?

Don't get me wrong I know it's hard
And the good things never last
And yet theres no point in waiting
For a miracle to save your life

You took the time to find what's real
And amongst the baggage that you feel
Is holding you back, the demons cast aside

So why? So why? So why?
If we can make the plans
Can we just not find the time?

Safe way is not, the safe way is not
The way to live your life
Your light is beautiful, don't let the daydreams die
Don't let the daydreams die

So why? So why? So why?
If we can make the plans
Can we just not find the time?

So why? So why?
If we can make the plans
Can we just not find the time?
