

# At My Worst

Get Scared

Bleed me out  
I know you're the first to listen  
When I scream aloud  
I'm coming clean  
I can and I will do my best  
(To soldier through)  
Who I was and who I am  
Don't write me off  
Please hear me out

My skin is so much thicker now

Feel it in my bones  
Not feeling anymore  
The writings on the wall  
My scars are at the door

The worst is over, my eyes are open  
They can say whatever, they can say whatever they want  
Tonight I'm not coming undone  
They can say whatever, they can say whatever they want  
And I'll throw it all away  
You can see it on my face  
And I'll throw it all away  
Try to find my vice again

Lay me out  
Leave me bruised and broken  
Watch me build back up  
And live aloud again  
I won't forget the ones who  
Pulled me out when I was at my worst  
If it's you I care about  
You know I'll tell you first

My skin is thicker now

Feel it in my bones  
Not feeling anymore  
The writings on the wall  
My scars are at the door

The worst is over, my eyes are open  
They can say whatever, they can say whatever they want  
Tonight I'm not coming undone  
They can say whatever, they can say whatever they want  
And I'll throw it all away  
You can see it on my face  
And I'll throw it all away  
Try to find my vice again

Try to find my vice again

No turning back  
I see it all in front of me  
Forget the past  
There's no way that I'd ever leave

No turning back  
I see it all in front of me  
Forget the past  
There's no way that I'd ever leave

The worst is over, my eyes are open  
They can say whatever, they can say whatever they want  
Tonight I'm not coming undone  
They can say whatever, they can say whatever they want  
And I'll throw it all away  
You can see it on my face  
And I'll throw it all away  
Try to find my vice again
