

Cunning, Not Convincing

Get Scared

My pride has left me shaking
Oh I can't believe that you could be deceiving
My teeth are rotting out my mouth
From something sweet to poison
I can live without
I know you'll die without me

Is it your conscience that keeps you running
I've got a feeling
I'm on to something more
You think you're cunning
It's so convincing
You're gonna miss me I've warned you once before

Please doll don't make a scene
I've got you where I need
Right when you start to plead
I shut the lock throw away the key
God I feel so sorry for you
Your looks are all you've got
Attention starved for when you're not
I know you'll die without me

Is it your conscience that keeps you running
I've got a feeling
I'm on to something more
You think you're cunning
It's so convincing
You're gonna miss me I've warned you once before

You've got so much to hide
It's the truth that you can't abide by
Killer by trade
There's no other way
For you to eat your way out
Your chains will eat you alive!
Hell waits for no one
At least I put up a fight!
You're left to clean up the blood
You took my advice in vein!
And now you're falling away
No where to run nor to hide!
You've gotten lost in the wake!
I know you'll die without me

Is it your conscience that keeps you running
I've got a feeling
I'm on to something more
You think you're cunning
It's so convincing
You're gonna miss me I've warned you once before
