

So Much To Lose

Get Scared

Let's call to cut me up now
I'm at the bottom of a bottle
Searching for a love I cannot take
Tick tick, time to relieve
And maybe I'd just slow down
(slow down)
I've had enough to turn my inside out
I said I need to save myself

So tell me I'm okay
Before I hurt somebody
Hurt somebody oh whoaaah
Oh! I've got nothing to lose

I'm okay, but I need somebody
Need someone like you
Whoaaah oh!
To show me I've got so much to lose

My body's breaking down now
I've had enough, I'm giving up
And I'm checking out
Tick tick time to relieve
I said I need to save myself

So tell me I'm okay
Before I hurt somebody
Hurt somebody oh whoaaah
Oh! I've got nothing to lose

I'm okay, but I need somebody
Need someone like you
Whoaaah oh!
To show me I've got so much to lose

Yeah!

When it all comes crashing down
I sourt out my pieces
Chew me up and spit me out
'cause I know what I've become

So tell me I'm okay
Before I hurt somebody
Hurt somebody oh whoaaah
Oh! I've got nothing to lose

I'm okay, but I need somebody
Need someone like you
Whoaaah oh!
To show me I've got so much to lose

So tell me I'm okay
Before I hurt somebody
Hurt somebody oh whoaaah
Oh! I've got nothing to lose

Whoaaah oh
To show me I've got so much to lose.
