

# Girl Is Sleeping

Get Set Go

There's always been more space (space, space)  
but now that can't erase (erase, erase)  
the man will get you down,  
cause you're never around (around, around)

well I can say empathically  
that I've found the girl of my dreams,  
but she's sleeping.  
Well I've found the girl of my dreams,  
but she's sleeping all the time.

La la la la la la la  
hush don't say a word  
la la la la la la la  
hush don't say a word.

You can win, place, or show (show, show)  
so how's it gonna go (go, go)  
when the fact becomes a law  
will you still hear this song (song, song)

well I can say empathically  
that I've found the girl of my dreams,  
but she's sleeping.  
Well I've found the girl of my dreams,  
but she's sleeping all the time.

La la la la la la la  
hush don't say a word  
la la la la la la la  
hush don't say a word.

God save us in a little book  
tucked away in a corner of the universe.  
God save us in a little book  
tucked away in a corner of the universe.  
God save us in a little book  
tucked away in a corner of the universe.  
God save us in a little book  
tucked away in a corner of the universe.

Well I've been sleeping sound (sound, sound)  
since you've been around (around, around)  
nothing brings me down.  
Let it all come down (down, down)

well I can say empathically  
that I've found the girl of my dreams,  
but she's sleeping.  
Well I've found the girl of my dreams,  
but she's sleeping all the time.  
La la la la la la la  
hush don't say a word  
la la la la la la la  
hush don't say a word.
