

[Scarface:]

Once upon a time at the Honeycomb hideout  
Sugarbear and Mikey sat alone gettin fried out  
Lucky walked in with this nigga name Rice Grain  
Pulled out a knot and conjured up a dice game  
Lucky looked at Mikey and he said with a smile  
Where's the silly rabbit I ain't seen him in a while  
Mikey turned around and shook his head cause he ain't know  
Probably trickin with this bitch from Rocky Road name Cheerio  
I'm trippin off this shit cause I ain't never seen it right  
I'm feelin kind of leary cause I'm higher than a kite  
The pipe has really got me on this other level  
Its time to mark a murder  
My victim's Fruity Pebbles  
I'm killin any motherfucker jumpin in my mix  
I'm out to get you Pebbles, heard the bitch was turnin tricks  
I'm packin up my shit  
I'm longin for some???  
Up ain't this a bitch Face is on his way to Bedrock  
Shortly after gettin their I met up with this crook  
Nearly cuttin the bitch in haly like some Shredded Mini Wheats  
I'm makin my escape  
Sneakin out the back  
Fuck I'm being spotted by some fag name Apple Jacks  
I put it on his ass so he couldn't come back to key me  
Bleedin like a heart, I guess he must have ate his Wheaties  
He used to kiss dicks with his partner Special K  
I never had respect for homosexuals anyway  
I'm on my way to Houston  
Played it safe I road the ferry  
And ran across this motherfuckin cop name Frank in Berry  
He starin at a nigga had the looks as if he know me  
He asked about the bear  
I said yeah, the bear's my homey  
The shit was kind of shady I was nervous from the jump  
Arrivin at the docks got the word from Captain Crunch  
Arrested for a murder, so now I'm thinkin shit  
I didn't know that Captain Crunch was Cookoo for this bitch  
My trial came up and now I'm thinkin  
The dried up situation needs a little bit of milk  
I had a half a gallo and ?? a nigga bought it  
Reached and grabbed my spoon and made a motherfuckin run for it  
I ate them up and washed them down with Miller
