

Convulsions

GG Allin

I can't sleep at night
I'm on fire alright
I can't stop this chill
Give me another pill
I can't stop the shakin'
My whole body's achin'
I'm on the floor, it's cold
I'm gonna lose control

Convulsions
Convulsions

Got no self control
Confusion's all I know
Feel my body break
I can't stop the shake
I'm on fire, my end is near
Tension in the air
I'm gonna jump and shout
Until I pass out
