

Live Fast Die Fast

GG Allin

Me and the boys are, we're living for the night
We're looking for adventure, we're looking for a bloody fight
Always on the run, we're never gonna do what's right
We're looking for chicks and we're looking for kicks
We're living fast and we're living right

Live fast, die fast
Don't worry 'bout the crash
Hell bound on the coursecrash
Living in the alley with the rest of the trash

Ah we're never slowing down, we're gonna party tonight
We don't care 'bout nothing we're living like rats in a sewer pipe
You'll never stop us now, when we're running the red light
Pick up a few racks at the corner store
We're gonna get wild in the streets tonight

Live fast, die fast
Don't worry 'bout the crash
Hell bound on the coursecrash
Living in the alley with the rest of the trash

Live fast, die fast
Don't worry 'bout the crash

Hell bound on the coursecrash
Living in the alley with the rest of the trash

Me and the boys are, we're living for the night
We're looking for adventure, we're looking for a bloody fight
You'll never, you'll never stop us now, you see we're running the red light
We're looking for some chicks, we're looking for some kicks and
We're living fast and we're living it right

Live fast, die fast
Don't worry 'bout the crash
Hell bound on the coursecrash
Living in the alley with the rest of the trash
