

You Hate Me And I Hate You

GG Allin

Well you hate me and I hate you
You never understand the things I say or do
So what's new?
You never liked me so I say fuck you
You know, you know that you don't like me
And I don't like you

You never listen to my point of view
I'm telling you!
Why don't you all drop dead, you fucking fools
It's you who lose
You never wanted me so I say fuck you
You know, you know that you don't like me
So I say fuck you...

You never like the things I say or do so
What'cha gonna do?
Why don't you all go home and go back to school
With your golden rule
Mindless gutless puppets
Who needs you?
You know, you know that you don't like me
And I don't like you

You know, you know that you don't like me
And I don't like you
You know, you know that you don't like me
And I don't like you
You know, you know that you don't like me
So I say fuck you!
