

# You Hate Me And I Hate You

GG Allin

Well you hate me and I hate you  
You never understand the things I say or do  
So what's new?  
You never liked me so I say fuck you  
You know, you know that you don't like me  
And I don't like you

You never listen to my point of view  
I'm telling you!  
Why don't you all drop dead, you fucking fools  
It's you who lose  
You never wanted me so I say fuck you  
You know, you know that you don't like me  
So I say fuck you...

You never like the things I say or do so  
What'cha gonna do?  
Why don't you all go home and go back to school  
With your golden rule  
Mindless gutless puppets  
Who needs you?  
You know, you know that you don't like me  
And I don't like you

You know, you know that you don't like me  
And I don't like you  
You know, you know that you don't like me  
And I don't like you  
You know, you know that you don't like me  
So I say fuck you!
