Ghinzu

Why don't you dream about yourself
Forget the long way home and try me?
I'm beautiful
Why don't you kiss me now, and try me?
I'm beautiful you'll see

Let me in, let me out
Shallow me slowly

Why don't you forget about yourself,
Forget the long way home and try me?
I'm beautiful
Why don't you kill me now, and try me?
I'm beautiful you'll see

Let me in, burn me out
Swallow me slowly now
I'm down in your throat my love
I can hear you singing
I can hear you screaming your joy
