Up The Punks

Ghost Mice

What have we done?
What have we done?
Are we making any changes or just having fun?
What have we done?
What have we done?
Is this more than just music?
Is it more than just a club?
Are we making any difference?
What have we done?
What have we done?
What have we done?
Well just take a look around and I'm sure that you'll agree
That we've done a lot of things to improve community
Like organizing protests and serving Food Not Bombs
Sending books to all the prisoners that've been locked up for s
o long
Throwing bricks through all the windows of the evil corporate s
hops
Supporting mom and pop and standing up to the murdering, racist
 cops
Seems like we're always talking about the things that we do wro
ng
But let's not forget to talk about the things that we've done
I know we've got our faults and I must say that I agree
But punk rock music saved my life, I can sing it honestly
Sometimes it may seem like we haven't done anything
But I think that we made it a little bit better than it was
That's why I sing and I'll ask you to sing with me
