

We are bitter opposites
It stings when you hit me
Like a kick to the head
When I heard what you said

Did you even consider
You are making us bitter
I guess you're justified
Because of your weak mind

When our lips first met
You didn't get the hang of it
I bet that you still kiss like me
You realize it when you hear this

You have managed to steer clear
For yet another whole year
Although I did see you
I only caught lies you threw

When you were there with the band
Acceptance letter not in hand
Hugging your "cool" boyfriend
Did you ever tell him?

When our lips first met
You didn't get the hang of it
I bet that you still kiss like me
You realize it when you hear this
Realize it when you kiss
