Valerie

Ghost of the Robot

Got an old Smiths' record and I put it on endlessly. To mourn a lethal fascination of a girl named Valerie.

She got a XXX rating and maybe someday she'd have married me. But, she was born to keep me waiting. Her name was Valerie.

With a little more time, I was thinking we could've worked my hooks into you.

Over a recent complication
I came to find that she'd tired of me.
She wrote the book of Revelations.
Her name was Valerie.

With a little more time, I was thinking we could've worked my life around you. With a little more time... WOO!

Her name was Valerie (Valerie) Her name was Valerie (Valerie) Her name was Valerie (Valerie) Her name was Valerie
