

Hocus Pocus

Ghost Town

Dark eyes, white hair, and sharp nails.
How I wish I could be drop dead again.
Those legs, rats tail, and a serpents tongue,
Should do the trick for my next spell.

Hocus Pocus.

Tell me how you're gonna go,
How you're gonna go on and make him fall in love with you.
With nothing but a lie. Nothing but a pretty face.
Careful what you wish for.
Your wicked ways are catching up to you.
Watch how your beauty fades and evil shines through.

You thought you might have found the perfect victim.
The kind of guy that makes you live forever.
This type of magic has its irony.
A dash of lust wont last the test of time.
You think it'll make you immortal.
But your spirit faded victims ago.
You pulled the Death Card,
But you spat in its face.
And now it's time to pay for what you've done.

Hocus Pocus.

Tell me how you're gonna go,
How you're gonna go on and make him fall in love with you.
With nothing but a lie. Nothing but a pretty face.
Careful what you wish for.
Your wicked ways are catching up to you.
Watch how your beauty fades and evil shines through.

Hey Witch!
It's time for this to finally end.
A thousand years of, a thousand years of dying slowly.
Crawl into my bed...
Our souls have finally wed.
Now death do you part.
You were dead from the start.
The moment I found you out.
And now you're DEAD!

Tell me how you're gonna go,
How you're gonna go on and make him fall in love with you.
With nothing but a lie. Nothing but a pretty face.
Careful what you wish for.
Your wicked ways have now caught up with you.
Watch how your beauty fades and evil shines through.
