

You're So Creepy

Ghost Town

For so long now I've been coming to your rescue
(Got me thinking I'll get you)
And I'm serious when I say
I'm over it
I'm over it (and all your fuckin' lies)
That you'll stick around and stay on my side of town
Now I'm covered in blood
And I'm feeding off your pretty little lies
For once why can't you just come and chase me
Dig up my grave and save my body
Now I'm rotting to the bone
But my heart's still beatin'
Hopin' you won't leave me

Creepy girls you're just my style
Blood red lipstick you don't smile
Falling victim to your fantasy
Damn, I love it that You're So Creepy

Now you're risking it all for some creepy girl
With a blacked out rage that'll cast a spell
Don't tempt her she's got those evil eyes
NOW YOU'RE RISKING IT ALL for some pinup doll
WHO DRINKS IN THE A.M. FUCKS IN THE P.M.
TREATS ALL THE BOYS LIKE SHE DON'T NEED 'EM

Creepy girls you're just my style
Blood red lipstick you don't smile
Falling victim to your fantasy
Damn, I love it that You're So Creepy
DUBSTEP

Creepy girls you're just my style
Blood red lipstick you don't smile
Falling victim to your fantasy
Damn, I love it that You're So Creepy
Creepy girls you're just my style
Blood red lipstick you don't smile
Falling victim to your fantasy
Damn, I love it that You're So Creepy
