

## Body and Blood

### Ghost

This grave hill stinks of death  
A reek from the ground  
Catches whiff of the hound  
A dead ones breath  
The casket lid is cold  
Waiting inside  
Is someone petrified  
That odours old

His body and blood  
Sharing in common  
His body and blood  
His body and blood  
Serving Messiah

Son of God  
The bitter taste is sweet  
So eat Nazarene  
And you kiss the obscene  
Anointed feet

His body and blood  
Sharing in common  
His body and blood  
His body and blood  
Serving Messiah

His body and blood  
Sharing in common  
His body and blood  
His body and blood  
Serving Messiah

Son of God  
Receive, consume  
Receive, consume  
Digest  
Defecate

His body and blood  
Sharing in common  
His body and blood  
His body and blood  
Serving Messiah  
Son of God
