

Gimme A Chance

Ghoti Hook

(song by Adam and Joel/lyrics by Jamie and Conrad)

I won't look back.
That's not for me.
Please don't take what I say literally.
I know I'm bad,
Gross slimy scum,
And I feel rotten for what I have done.
Gimme a chance--don't turn away.
You could leave now,
That's up to you.
I really hope that I'll change that view.
Another chance
To right the past.
This one request is all I ask.
Please don't, please don't go.
Just take me back.
I know I'm dumb,
Looking out for me, myself--numero one.
But if you say
You'll still love me,
I'll be the friend that you want me to be.
