

# Midnight Train

Ghoultown

on a midnight train  
gonna leave tonight  
gonna roll right outta town  
like a thunder blast  
like a new year's bash  
gonna make a demon sound

on a violent urge  
just watch me purge  
all the track I'm wolfin down  
I'm outta control  
like the hot wind blow  
hear me fire another round

chorus:  
well there ain't shit you can do  
when I steam-roll right over you  
I'm huffin I'm puffin  
I'm stoppin for nothin  
you won't stand in my way  
I'm on a midnight train  
I'm on a midnight train

I'm on a midnight train  
my coal is black  
my heart is tempered steel  
gotta an iron lung  
and some time to burn  
with the motion of my wheels

movin down the rail  
like a bat from hell  
my wings are open wide  
I'm a man possessed  
locomotive breath  
no stops tonight
