

# Wait Until Dark

Ghoultown

two bat wings  
a raven's tongue  
seven eyes of newt  
three dead flies  
a dirty skull  
and one old leather boot  
throw it in a boiling pot  
and what have you got?

chorus:  
wait until dark

four rat tails  
a reptile heart  
a salted pair of lips  
five old bones  
a spider leg  
you can't f\*\*kin miss  
bless it with a witch's hex  
and what happens next?

your name's on the lips of my coven  
we whisper things you desire  
bathing our skin in the moonlight  
in fame, fortune and fire  
it's painful my love if you want it  
like cats sing from the heat  
be careful what it is that you wish for  
it might not be what you dreamed

draggin' your bones

I sleep with one eye open  
don't let no witchcraft bring me down  
I move with the wind  
keep my ear to the ground  
confess my sins  
from hell I will turn  
pull my shades at night  
and shield myself from the sun  
shield myself from the sun yeah

chorus:  
I can feel it comin  
draggin your bones around

I swore through my whiskey  
that I would never be so blind  
then you came for me  
draggin all your skulls behind  
like a vampire  
you drank my blood  
I know I'm doomed  
I can see it in your eyes  
I can see it in your eyes yeah

what haunted things lurk behind your eyes

you try to bleed me,  
drain me, suck me dry

I sleep with one eye open  
watch like a hound from hell  
dead to the world outside  
this time I cannot fail  
there ain't no rest for me  
with you on the creep  
stay away  
and let me rest in peace  
rest in peace yeah
