

## Smashing

### Giant Drag

Don't want this here  
make it go away  
no number of pills  
will fix my life today

everyone out  
but we both stay  
I will have to keep this high  
til I'm out of the way

don't want this here  
make me go away  
no number of pills  
will fix my life today

wait til he comes down
