

## Figura Serpentinata (Pycnopodia Sapien)

Giant Squid

Don't let them know what the child can do  
Put him to sleep with the strongest brew  
And make him more symmetrical

Burn all the pieces, leaving not a quantum

Don't let them know what the child can do  
Growing back three where there was two  
And keep his reach contralateral

Don't let them know what the child can do  
Cover him in ochre to hide his Linckian blue
