

## Throwing A Donner Party At Sea (Physeter Catodon)

Giant Squid

Our ship struck twice by a whale  
Now dig in a bail before it's too late  
With the brine up to our knees  
All I can think is how you'll be the first to be eaten  
You will  
With the shit this deep you have to leave all the things behind  
that you can't eat  
Far too many adrift at sea  
You are our chosen source of meat  
With the brine up to our knees  
All I can think is how you'll be the first to be eaten  
You will

Our ship struck twice by a whale  
Now dig in a bail before it's too late  
With the brine up to our knees
