

Oh Yeah

Giant

I was doin' fine just livin' on my own
I was all right until you came along
When you smiled at me I tried to walk away
It was too late, somethin' made me stay

I can only wanna run, I'm in too deep
This ain't no fun 'cause I been losin' sleep
I tried to hold out, I'm not gonna last
So here I come and I'm-a fallin' so fast
I'm singin'

Oh yeah
C'mon baby won't you be my lover
Oh yeah
We don't have to go and ask your mother
Oh yeah
You've got lovin' baby like no other
Oh yeah
Oh yeah
Feels so right, ya know I just gotta say it
Yeah
Oh yeah

Never knew a kiss could last through the night
I was so wrong, now it feels so right
Everytime we touch you know it's stronger than before
I can't hold back, comin' back for more

I didn't wanna know, I couldn't understand
How love could be more than a one night stand
You took me by the hand, took me all the way
Now that we're together girl, I just want to say
I'm singin'

Oh yeah
C'mon baby won't you be my lover
Oh yeah
We don't have to go and ask your mother
Oh yeah
You've got lovin' baby like no other
Oh yeah
Oh yeah
Feels so right, ya know I just gotta say it
Yeah
Oh yeah

Seems like yesterday when you came around
Since I met you girl, my feet ain't touched the ground
You're the only one to show me I was wrong
I never knew that love could be so strong

Oh yeah
C'mon baby won't you be my lover
Oh yeah
We don't have to go and ask your mother
Oh yeah
You've got lovin' baby like no other

Oh yeah
Oh yeah
Feels so right, ya know I just gotta say it
Yeah
Oh yeah
