## **Prisoner Of Love**

First time offender, looking down the barrel of a gun I surrender, nowhere to hide, nowhere to run I've been convicted of crimes of passion And I'm stuck inside this wall I got no compassion, got no one to call

No escaping, Ive got nowhere to turn I played with fire and I guess I got burned

I am, I am, a prisoner of love I am, I am I'm a slave under your spell I am, I am, I'm a prisoner of love Prisoner of love

Why do you haunt me in every dream while I'm asleep? Don't you want me,I fall apart,oh can't you see I am addicted,baby,I need a shot of you I think I'm drowning,are you playing me me for a fool?

No escaping, I've got nowhere to turn I played with fire and I guess I got burned

I am, I am, a prisoner of love I am, I am I'm a slave under your spell I am, I am, I'm a prisoner of love Prisoner of love

I am, I am, a prisoner of love I am, I am I'm a slave under your spell I am, I am, I'm a prisoner of love Prisoner of love
