

Without You

Giant

You know I've been waiting, and I pray that I'll be strong
I don't know if I'll make it, it seems like all my hopes are gone

I watch another day go by, feel my whole life slip away
When I need the strength to survive, I remember you would say

Where would I be without you, lost and alone 'til your love pulled me through

If not for a heart so true, where would I be, I'd be without you

These four walls surround me, it's a price that I must pay
There's fear all around me now, but I'm a million miles away
Locked inside an endless night, you're just a dream away
No I won't give up on the fight, I'll be back with you some day

Where would I be without you, lost and alone 'til your love pulled me through

If not for a heart so true, where would I be, I'd be without you

And I believe I can make it, when I see the hope in your eyes
And I know that you won't let me down, where would I be without you

One day you're here, the next you're gone, there's so much I need to say

But I know that I'll carry on, 'cause you were with me all the way

With me all of the way, hear what I say

Where would I be without you, lost and alone 'til your love pulled me through

If not for a heart so true, where would I be, I'd be without you

Where would I be without you, lost and alone 'til your love pulled me through

If not for a heart so true, where would I be, I'd be without you

(Where would I be without you) I'd be without you

(Where would I be without you) I'd be without you

Where would I be without you...
