

If Grace Is The Flu, Then I've Got Cancer

Gideon

Giving up myself
All my faith is in You
This is our offering
This is our cry
Giving up myself

I was a hopeless child
determined to make it on my own,
"This is my life to live,
I'll go at it alone"
I was drowning, hopeless,
I couldn't see the light
Stranded in the darkness
From this shipwreck I called life

Reality sets in
I'm getting closer to the shore
Reality sets in
You put me back on dry land

I thought I was alone,
But you were always there

My God, My Peace, My Love
