

# No Acceptance

Gideon

How could this place go from being so welcoming,  
to shutting doors in everyone's face?  
This used to be the only place  
That I could go to get away from all of my problems  
Now it's the source  
What happened to the love that was left  
From the leaders set before us?

All we need is the will to change  
The will to make an effort  
To accept anyone no matter the situation  
To have our doors open to anyone  
that is wanting to know what it's like to have a home  
To have someone listen to them  
To have someone relate to them  
You have no idea the amount of impact you could make

We can be the change  
It's like you got it in your mind  
That we should stay the same  
Selfishness is not the way  
Deliver us from our prideful waste  
We can be the change  
You gotta get it out of your mind  
We can change

Throw your egos away, you won't be needing them anymore  
You're just leading them astray from what they need  
A sense of family, the feeling of hope  
We need to get back to the love we used to know

We can be the change  
It's like you got it in your mind  
That we should stay the same  
Selfishness is not the way  
Deliver us from our prideful waste  
We can be the change  
You gotta get it out of your mind  
We can change

They can try and stop us  
But we will not back down  
We will be the change  
They will not stop us  
They will not slow us down  
We will be the change  
We'll make our voices heard  
And we'll let 'em know  
I, I am the change  
I, I am the change
