

# Angel

Gigi d'Agostino

Dewdrops and tears  
Bewitched love  
The sun is rising  
Come, stay awake  
Breathe it's magic  
Remember happiness  
Make the world go round  
Like an adventure

We'll fly away  
Spreading flowers  
For all lovers  
Like a game  
Angel you're an angel  
Take my heart to fly  
Up to paradise  
Above the sky to see

Angel you're an angel  
Take my heart to fly  
Up to paradise  
Above I'm finding  
All your love...
