Elisir

Gigi d'Agostino

```
Love
Love for me
Is love
Love for me
I call your name,
I keep on looking for you,
And I don't know,
Don't know where go where

Can set over night,
I keep so over me
There is no way,
The way to stop me falling

Believe in me,
I can set you free a night,
You never Elisir enough

Oh, no,
Something's thinking over me

Your love,
Your love,
Your love is on my mind
(2x)

Your love is for me
```
