

Music

Gigi d'Agostino

I've got to kind of learn the music
Music, music, music
Music, music, music
Music, music, music

Holding your hands
I can feel it's love and I am falling in silence
'Cause when I'm holding your hands
I can feel it's love and I am falling in silence

Holding your hands
I can feel it's love and I am falling in silence
'Cause when I'm holding your hands
I can feel it's love and I am falling in silence

Never leave his side
Never leave his side
Never leave his side
In silence

Never leave his side
Never leave his side
Never leave his side
In silence

I've got to kind of learn the music
Music, music, music
Music, music, music
Music, music, music

Holding your hands
I can feel it's love and I am falling in silence
'Cause when I'm holding your hands
I can feel it's love and I am falling in silence

Holding your hands
I can feel it's love and I am falling in silence
'Cause when I'm holding your hands
I can feel it's love and I am falling in silence

Never leave his side
Never leave his side
Never leave his side
In silence

Never leave his side
Never leave his side
Never leave his side
In silence
