

## Star

Gigi d'Agostino

Yes I sit and wonder why  
You would tell me a lie  
And I stayed up all night, yes

All night should have known from the start  
You would have torn me apart  
But as long as I can survive

I'll keep waiting every night  
For you to walk back into my life  
Gotta a hole in my soul, there's no feelin' at all  
Baby I need so much of your love

Like a star you are so far  
But I need to find a place in your heart  
Like a star you are so far  
But I need to find a place in your heart

Wanderer star that you are  
How do you find a place in my heart?  
Wanderer star that you are  
How do you find a place in my heart?

Yes I sit and wonder why  
You would tell me a lie  
And I stayed up all night, yes

All night should have known from the start  
You would have torn me apart  
But as long as I can survive

I'll keep waiting every night  
For you to walk back into my life  
Gotta a hole in my soul, there's no feelin' at all  
Baby I need so much of your love

Like a star you are so far  
But I need to find a place in your heart  
Like a star you are so far  
But I need to find a place in your heart

Wanderer star that you are  
How do you find a place in my heart?  
Wanderer star that you are  
How do you find a place in my heart?
