

## Together In A Dream

Gigi d'Agostino

Let the rain turn to sunshine  
Let the dark turn into light  
I don't wanna be your past  
Or a meaningless name unknown

Let the sadness turn to joy  
Let the silence be my voice  
Being close to you  
Makes me feel so good inside  
La la la la la la

Dreaming about you  
In the middle of a lonely night  
Dreaming about you  
Endless feelings till i close my eyes  
Dreaming about you  
In the middle of a lonely night  
Dreaming about you  
Endless feelings till i close my eyes
