

Killingtime is just one way  
Hangin' on to yesterday  
Thinking what tomorrow  
Has planned for me  
Today i know how to live my life  
And i'm gonna do what i wish  
Gonna make the world move along  
With me

I wanna see the sun that shines  
Above the mountains white with snow  
Look at the trees, the way they grow  
The rivers flowing by

I wanna look up to the sky  
And let my head wirl in the blue  
There is no need to follow rules  
But only time to play

I wanna feel...  
La la la la  
La la la la
