

# I'm Just In Love

Paul Gilbert

Mama if you think I'm too crazy  
I'm just in love  
Mama if you think I'm too lazy  
I'm just in love

Mama I know you remember  
How it felt so hot in December  
Mama if you think I'm crazy  
I'm just in love

Mama from the moment I saw her  
I was in love  
Mama gonna make her your daughter  
I'm so in love

Mama I know you remember  
How it felt so hot in December  
Mama if you think I'm crazy  
I'm just in love

Mama we're gonna be married  
Some time next February  
So sing a song  
There's nothing wrong with me  
I'm just in love

Mama we're gonna be married  
Some time next February  
So sing a song  
There's nothing wrong with me  
I'm just in love  
I'm just in love  
I'm just in love  
I'm just in love
