

# Pulsar

Paul Gilbert

Can't you see the change comin' over me?  
I can show you where there is the place to be.

Pack your bags and let's go.  
Just stand up and we'll reach for the stars,  
Feeling so large, fading like a pulsar.

Listen there is a sound like you've never known.  
Yeah yeah yeah.  
Spin your head around just like a cyclone.

Groove is gettin' me high.  
Just stand up and we'll reach for the stars,  
Feeling so large, fading like a pulsar.

Pack your bags and let's go.  
Just stand up and we'll reach for the stars,  
Feeling so large, fading like a pulsar.

Spinnin' like a pulsar.  
Spinnin' like a pulsar.  
Spinnin' like a pulsar.  
Spinnin'.
