

Red Rooster

Paul Gilbert

I went out last night, didn't have no luck
I went out last night, didn't have no luck
That's a little red rooster, that ain't no duck

I went out last night, tryin' to find me a
Friend
I went out last night, tryin' to find me a
Friend
That's a little red rooster, that ain't no hen

Sorry little girl, didn't mean you no harm
Sorry little girl, didn't mean you no harm
When my little red rooster ran into your barn
