```
My superjet goes twice the speed of sound Superloud, superloud
My supermind can hear in ultrasound
Superloud, superloud
```

```
All that I really want
All that I really want
All that I really wanna do
All that I really want baby
Is to step right in and fly
Superhigh, superdry
Supermusic all the time
Superdry all the time
```

My supergirl will meet me when I'm there Superloud, superloud Her supergirlfriends around us everywhere Superloud, superloud

All that I really want
All that I really want
All that I really wanna do
All that I really want baby
Is to step right in and fly
Superhigh, superdry
Supermusic all the time
Superdry all the time

My superjet goes twice the speed of sound Superloud, superloud My supermind can hear in ultrasound Superloud, superloud

All that I really want
All that I really want
All that I really wanna do
All that I really want baby
Is to step right in and fly
Superhigh, superdry
Supermusic all time
Superdry all the time
Supermusic, superdry
Supermusic all the time
