

To Be with You

Paul Gilbert

Hold on little girl
show me what hes done to you
stand up little girl
a broken heart cant be that bad
when its through its through
fate will twist up both of you
so come on baby come on over
let me be the one to show you

Im the one who wants to be with you
deep inside I hope you feel it too
waited on a line of wings and blues
just to be the next to be with you

Build up your confidence
so you can be on top for once
wake up
who cares about little boys that talk too much
Iv seen it all go down
your game of love was all rained out
so come on baby come on over
let me be the one to hold you

Im the one who wants to be with you
deep inside I hope you feel it too
waited on a line of wings and blues
just to be the next to be with you

why be alone
when we can be together baby
you can make my life worth while
I can make you start to smile

when its through its through
fate will twist up both of you
so come on baby come on over
let me be the one to show you

Im the one who wants to be with you
deep inside I hope you feel it too
waited on a line of wings and blues
just to be the next to be with you (repeat)
