

We All Dream Of Love

Paul Gilbert

We all dream of love
We all dream of meeting someone
Sent here from above
We all dream of love
We all dream of meeting someone
Sent here from above.

But if no one comes we must endure
Have faith through we're not ready sure
Cause what else can you do
Until you meet that one who dreams of you.

We all hope someday
We will fall in love and it will never go away
We all hope someday
We will fall in love and it will never go away.

But if you fall down you must stay strong
Just get back up and sing your song
Cause what else can you do
Until you meet that one who hopes for you.

Hmmm, hmmm, hmmm...

But while we wait let's still have fun
and practice for the time to come
Cause what else can you do
Until you meet that one who dreams of you
Until you meet that one who dreams of you.

We all dream of love
We all dream of meeting someone
Sent here from above.
