

## Beware Of The Dog

Gilby Clarke

Tie me up, tie me down, you're wearing me out  
Constricted, so vicious, what a rush I got

Yeah, What a shock I got this morning  
Yeah, when I caught you masturbating

Beware of the dog  
Beware of the dog  
He's bad, the mean machine  
Beware of the dog

Camouflaged, velvet crush,  
Crawling out of your heart  
Frustrated, concentrating, if you can, you can't

Oh what a rush I got when I saw your face  
It's a crush I never had
