

# Miss Disarray

Gin Blossoms

You're such a mystery  
It's never clear to me  
You're always leaving me second guessing

All I wanna know is  
Baby where you go  
Where you been when you come up missing

Miss Disarray  
(Miss Disarray)  
You swim in the pouring rain  
And I'm holding on in vain

The more I try the more that I  
Just feel so far away  
Miss Disarray  
Miss Disarray

We started carelessly  
Leading you to me  
Kisses sweet but complicated

A happy ending girl  
I knew you'd never be  
Burned so bright but sadly faded

Miss Disarray  
(Miss Disarray)  
You swim in the pouring rain  
And I'm holding on in vain

The more I try the more that I  
Just feel so far away  
Miss Disarray  
Miss Disarray

There's no pretending  
That happy endings  
Will ever see me through  
So the story goes and I'm not over you

Kisses sweet but complicated  
Burning bright but sadly faded

Miss Disarray  
You swim in the pouring rain

The more I try the more that I  
Just feel so far away

Miss Disarray  
You swim in the pouring rain

The more I try the more that I  
Just feel so far away  
Miss Disarray  
Miss Disarray
